

ELECTRICAL TRAINING

Extra Low Voltage

Training Dates 2011

TRAINING COURSES 2011

All Extra Low Voltage courses are held over **two consecutive days**.
Note dates listed in **RED** are already sold out.

DATES: the availability of these dates are correct at time of going to print; however new dates and locations are constantly being planned.

For regions not included in this list please be advised these are currently being negotiated. Please contact Samantha or Sallyann for registration to our waiting lists. Due to the heavy demand for this training, applications can only be confirmed once a booking form has been received. Please check availability when completing your application to avoid disappointment, as course availability can change without notice. Where possible we will always try to offer you an alternative date if your first request for application cannot be met.
